DETAILED ACTION

Claim Objections

1. Claims 1, 4-11 and 63 are objected to because of the following informalities: the phrase "a tolerable level" in claim 1 is subjective and applicant fails to define the phrase in a standard meaning. Also, the phrases "special tilt surface", "another special tilt surface", ..., renders claims very unclear since it is not define what is "special" in the claims. Appropriate correction is required.

Allowable Subject Matter

2. Claims 1, 4-11 and 63 are allowable.

3. The following is a statement of reasons for the indication of allowable subject matter: claims are allowable at least for the reason that the prior art does not teach or reasonably suggest one tilt surface having a different change in a tilt amount in the main scanning direction from another tilt surface, a first tilt surface partially correcting a scanning line curvature and a wavefront aberration and a last tilt surface further correcting scanning line curvature and reducing a remaining wavefront aberration as set forth in the claimed combination.

Response to Arguments

4. Applicant's arguments with respect to claims have been considered but are moot in view of the allowance of claims.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
